Subject: In case you didn't see this: DOD approps bill

H.R. 2810, which passed the House 344-81, also included a slew of other amendments approved today, including a provision aimed at perfluorinated chemicals.

The bipartisan amendment, offered by Rep. Brian Fitzpatrick (R-Pa.), would require the Defense secretary to conduct a study on the health effects of PFOS and PFOA, which were used in Air Force firefighting foam for years.

May provide some opportunities for collaboration? Sharing works both ways.

Wendy Cleland-Hamnett
